You define clear boundaries. You need to assess your current situation, your health, your finances, your training, your desires, your strengths, your values, your skills, and your talents. Given the way companies monitor employees, it's unwise to use your work computer or email account for job searching.

This article originally appeared on The Daily Muse and is reprinted with permission. Don Clifton, a positive psychology pioneer and inventor of The Gallup Strength Finder, once said, "Everybody does one thing better than 10, other people. Your work hours should be off-limits for updating your LinkedIn profile or connecting with hiring managers. They go through resumes when they get in on Mondays, respond to questions about timing between afternoon meetings, send requests for a link to your portfolio or references on a 2 p. People will start to relate to you.
