We use this information to create a better experience for all
users. A Companion to Global Historical Thought provides an
in-depth overview of the development of historical thinking
from the earliest times to the present, across the world,
directly addressing the issues of historical thought in a
globalized context. The resulting work provides an excellent
balance of the history, experiences and legacy of the war,
balancing the Western Front with other theatres, and including
both preconceptions and after-effects of the conflict.
