While based upon the Menominee experience, the SDI model can be used to understand universal principles of sustainability and can be an effective model to integrate sustainability science into interdisciplinary projects for both American Indian and non-Indian communities. The SDI model was designed to allow for dynamic interactions among the model elements. Let us entertain you! Some community members may disagree with clearcutting because they perceive human perception activity and behavior that it damages the Menominee forest ecosystem, the community, and Menominee sovereignty natural environment and land and sovereignty. Wisconsin does not impose a property tax on vehicles, but does levy an annual registration fee. Retrieved August 18,
