Aug 06, David Eppenstein rated it really liked it Shelves: historynon-fictionbritish-history. Be on the lookout for your Britannica newsletter to get trusted stories delivered right to your inbox. Jones' area of expertise seems to be the history of medieval England and especially the time period covered by this book.

This brilliant new book explores the lives of eight generations of the great The business of government was no longer the exclusive preserve of churchmen and clerks attendant on the king and the great magnates dominating their own territories. He has taken almost three centuries of history and made them accessible and understandable to the non-historian. War of the Roses is after this one. Scott I hope it is a pleasure to read.
