Rather, the reproductive behaviour of refugee women seems to converge with that of their non-refugee sisters. Despite the anti-Semitism in Europe, only small groups had emigrated to Palestine to settle in Palestine for purely religious sentiments.

As noted earlier, the increase in schooling and the association between education and income are striking. Table 2 displays the main characteristics of the surveys used in the analysis. Fifty-three-year-old Fatimeh wishes she had completed high school.

What is acceptable to one conservative Christian may not be the case with another. I did not take the form of a retraction of the White Paper – that would have meant a loss of face – but of a letter addressed to me by the Prime Minister, read in the House of Commons and printed in Hansard.
